ABOUT US

At the outset, we would like to say that after many hurdles, Maharaja Srischandra College was accredited by the National Assessment and Accreditation Council (NAAC) in 2016. We seek to keep pace with the modern world and aim at reaching the milestones that we had promised ourselves during the first cycle of accreditation.

HISTORY OF THE COLLEGE

The college was set up by Maharaja Srischandra Nandi in memory of his father Maharaja Manindrachandra Nandi who was a renowned philanthropic Zamindar of Cossimbazar. Maharaja Srischandra Nandi was an equally illustrious personality in the socio-cultural history of early 20th century Bengal. He represented the Bengal zamindars in the Fazle Haq- Shyamaprasad ministry. Some local workers and academicians of the locality in which the college is now located encouraged Srischandra Nandi to set up a college that would cater to a huge section of students residing in this locality. The Maharaja accepted their proposal and the college was set up in 1941.

LOCATION OF THE COLLEGE

An old dilapidated building, which previously functioned as a charitable dispensary, was converted to a college. The building, is now the common property of three separate colleges- Maharani Kasiswari, Maharaja Manindrachandra and Maharaja Srischandra. Maharaja Srischandra College as a separate institution emerged in 1964. The concept of evening college in Bengal emerged after the Partition, especially when an exodus of Bengali Hindus from erstwhile East Bengal to West Bengal took place. A large number of refugees settled in and around Kolkata. They had to earn their daily bread and at the same time pursue their education. Against this socio-economic background, establishment of evening colleges became a necessity. In recent years there has been a widening of the scope of our service since hundreds of general students, both male and female, are taking admission into the college. However, we still intend to provide scope of education to in- service people, and many in small business or in unorganized sectors. Situated at 20, Ramkanto Bose Street, Kolkata-3 and very close to Shyambazar five-point crossing, the college enjoys a constant flow of students from different parts of the city of Kolkata. The proximity of the college to Shyambazar Metro Station, Howrah, Sealdah and Dumdum Railway Stations, as also to the Bagbazar Ferry Ghat enables students to commute from the suburban areas of North 24 Parganas and Hooghly district. Apart from students coming from distant places, the college over the years has established a close affinity with its surrounding locality by catering to the interest of innumerable students of this area. Although the sharing of a common building with two other colleges becomes inconvenient at certain points, we are proud to make the maximum utilization of all our resources for the benefit of society. All decisions regarding the maintenance of the college premises is undertaken by the Co-ordination Committee formed as per C.U. Statute.

SECOND CAMPUS

A second campus of the college is in the pipeline in a new building donated by Smt. Bandita Mukherjee, the daughter of our Ex-principal, Late Biswanath Mukherjee at 12 Padmanath Lane, Kolkata - 4.

The syllabi are unitized on the basis of :

- a) recommended lectures per topic.

The syllabus is normally followed as stated in the teaching plan. If there are any modifications, the changes are communicated to the students and the schedule is accordingly changed.

A detailed lesson plan is submitted by each teacher to the Principal and academic calendar for each department is published. The academic calendar contains detailed account of the syllabus to be covered in each term and for specific examinations. The periodic/yearly progress of the syllabus and problems related to it are discussed in the departmental meetings held throughout the academic year. The academic calendar of all departments are uploaded in the college website.

SEMINAR LIBRARY

As enrichment device, Seminar Libraries have been opened by various departments such as English, Bengali, Hindi, History, Economics and Political Science. Along with the seminar libraries the Central Library of the College serves both the teachers and the students. The idea behind introducing the Seminar library facility is to enable the teacher to guide the students about reference materials in a cozy, informal atmosphere. Very often the seminar library period is used for students' counselling.

QUESTION BANK

Question Banks of various subjects prepared by the teachers of the college are stored in the library for the assistance of the students.

STUDENTS' SEMINARS

To infuse in the students a spirit of deeper enquiry on the subjects included in their curricula, we have started organizing departmental seminars on a relatively larger scale where chairpersons from other institutions are invited. Their valuable comments on the papers encourage the students, boost their self-confidence, and most importantly enable them to locate their lacunae. Various departments organized students' seminar in the 2016-2017 session and certificates were given to 'participating students'. 14 September, 2017 a student seminar was held by Dept. of Hindi.

According to the free time available to every teacher a schedule for remedial / counselling classes are set. The students are encouraged to appear for mock tests before the university examinations to prepare themselves for the final exams. Since the inclination of individual students for evaluation of his/her standard matters greatly, such mock tests cannot be taken on a mass scale. Nevertheless, remedial lectures, counselling and evaluation continue on one to one basis, and this is not time bound.

EVALUATION OF THE STUDENTS

Evaluation of the students gets special attention. Apart from class tests, there is an informal, continuous process of internal assessment that enables the teacher to identify the strength and weakness of individual students. The results are distributed to the students in a parent-teacher meeting to communicate to the guardians the specific problems of their wards.
