13. Do the programmes that you teach adequately prepare your students for pursuing higher education?
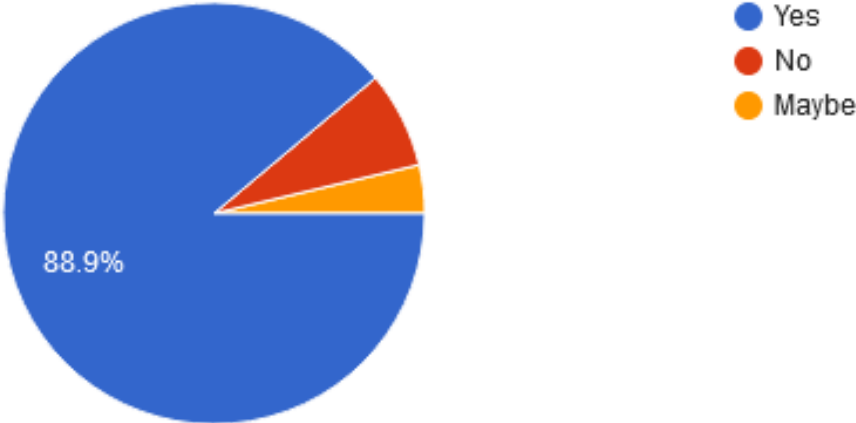

14. Do the programmes that you teach enable you to inculcate skills necessary for employment?
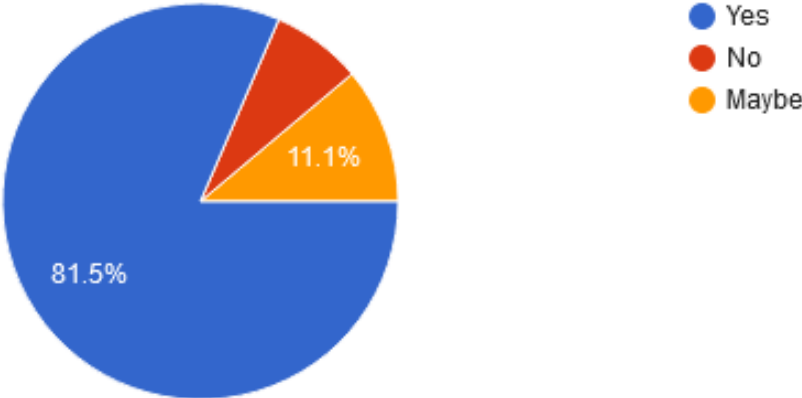

15. Any comment on the curriculum (if any)

- Emphasis should be on project-based learning
- A greater focus on communication skills, teamwork, and entrepreneurship could help students compete in the global job market.
- More emphasis on digital humanities, data analysis, and employability skills could improve career prospects.
- Stronger collaborations with cultural institutions, NGOs, and media organizations would provide hands-on experience.
